'Much love went into designing our collection. With new sources of inspiration we passionately create wearable jewellery one can enjoy each and every day'

packaging

Our products come complete with a cotton drawstring bag inside our signature Liberté box. Both beautiful and practical, we encourage customers to keep their boxes as a means of storing and protecting their new jewellery.

We recommend our retailers display our packaging with the jewellery as we believe it is a unique selling point. For information on cleaning or product care please visit our website liberte.com.au.
